## Second Look News

### The PhotoMarathon

The PhotoMarathon will be hosted at the RWA (at the top of Park Street) on March 5th as part of the annual Photography Open Show & in association with the Bristol Festival of Photography. The event is a day to challenge you to think creatively, meet new people and have some fun. Each entrant will receive a disposable camera and a list of topics to capture. The subjects must be taken in the order which they are provided. Only one picture can be taken to represent each topic. There are a limited number of places available so advance booking is recommended. Prices are £7 in advance, or £10 on the day.

### Instant Coffee

"Instant coffees" is an activity about photography. Our idea is to propose a place where we can see photography projects and talk about the different ways to make an idea. It's gonna be a space for sharing links, ideas, points of view and above all enjoy looking at images. Our aim is to offer an opportunity for all people who are interested in photography as a way to communicate.

How to carry out this activity? It will be through photographic projections with music (if the author wants to do it). "Instant coffees" is an activity in Bristol city, the place will be The Arts House which has an amazing basement where the photo-projections will be shown.

This activity is supported by Entretantos collective and El equivoco, who are interested in photography proposals.

So, the first edition of Instant Coffees will be on 15th of January therefore all people are invited to participate, just send your photography projection about any project.

#### Participate

Participating in "Instant coffees" is really easy. Firstly, anyone can send their photo-projections, each edition of "Instant coffees" will show a selection of different authors.

- Each person who is interested in "Instant coffees" can upload the photo-projection to rapidshare, megaupload, dropbox etc
- Then you can send the link (instantcoffees@gmail.com) and your personal details (name, web, project title, description, ...)
- The maximum duration should be around five minutes.
- Your photo-projection should be in .avi or mpeg format.

### TalkPhoto

The TalkPhoto evenings will run once a month at Hamilton House. Each evening we will have two guest speakers who have been invited in to talk about their photography, there will then be an open session where audience members can talk about their own work to the group and finally there will be a chance at the end to raise any technical/practical etc questions you may have & to be matched up to someone who can help to answer them. There will be a small charge on the door to help pay for the room hire. Check out next month's newsletter for more info.

We are currently looking for interesting speakers to invite to these evenings. If you are aware of a photographer who works in a particularly unusual or interesting way, and who you think might be willing to share their ideas, please get in touch.

### RWA Open show

After its brilliant, year-opening double header of shows by Matisse and Bristol's Jamaica Street Artists (see listings), the Royal West of England Academy motors on with an Open Photography exhibition (from 20 Feb) featuring a raft of works sent in via open submission alongside pieces by renewed snappers Richard Cox and Barry Cawston.
